### HUHTA CASE TO BE TRIED IN MARQUETTE

Judge O'Brien Grants Change of  
Venue This Morning

At the opening of the Houghton county circuit court this morning Attorney Harry Corgan, who was appointed last week by Judge Patrick H. O'Brien to defend John Huhta, alleged accomplice in the murder of Harry and Arthur Jane and Thomas Daley at Painesdale on December 7, moved for a change of venue for his client. Attorney Corgan based his reasons on the records and other testimony filed with County Clerk Kaiser and also on the plea that, owing to the prejudicial opinion of the citizens in this county it would be impossible for Huhta to get a fair trial. After deliberating on the motion, Judge O'Brien granted the change and the case will be tried in Marquette, the date not yet having been set.

Attorney Corgan has secured the aid of Attorney Oscar Larsen of Duluth to defend Huhta.

It will be remembered that the other three men implicated in the confession of Huhta were granted a change of venue by Judge Cooper some time ago. The latter was not included in this change for various reasons set forth by the case at that time.

#### Tabaracci Case to the Jury.

The case of the estate of John Tabaracci vs. the Quincy Mining company went to the jury at noon today. This case consumed the greater part of last week and has been very interesting. Tabaracci was killed several years ago while working in the Quincy mine and this is the third time that the case has been on trial. The plaintiffs are seeking damages.

Dedication Saturday.

Word was received Saturday by Secretary Doelle of the Keweenaw Historical society to the effect that Hon. Lawton T. Hemans, state railroad commissioner of Michigan, and also the leading historian of this state, has accepted the invitation of the society to act as principal speaker at the dedication of the monument in honor of the late Dr. Douglass Houghton. The monument will be unveiled at Eagle River next Saturday, October 10, at 2:50 o'clock.

On receiving the acceptance of Mr. Hemans to act as speaker it was possible to announce the complete program for the affair, as follows:

#### ATTENDANCE AT COUNTY

FAIR EXCEEDS 18,000

#### HEAVY PATRONAGE ON CLOSING

NIGHT MAKES A NEW RECORD FOR ASSOCIATION.

The attendance at the copper country fair, which passed into history Saturday night, exceeded the 18,000 mark, a new record for the agricultural society. Today, all that remains of the big exhibit are the remnants of booths and the partly dismantled structures in which the livestock was quartered. The white wing squad will complete its work this evening.

The patronage Saturday night, when more than 5,000 people were in attendance, made a new record possible. The big rink was thronged from early evening until late at night and the fair came to an end with merriment in which everyone apparently joined. There was no disorder and everything went off according to prearranged plans, much to the credit of the fair association and particularly Secretary I. N. Haas.

While the attendance figures are given as 18,000, the total attendance was much greater as the number represents only paid admissions. In addition, there were hundreds of members of the society from whom no admission was exacted.

A delay in the judging of the contest exhibits makes it impossible to announce anything but the winners in the corn contests. These follow:

Senior corn contest—First, Jas. A. Olenhoff, Atlantic Mine, \$100 scholarship in the Dunbar Agricultural school, Sault Ste. Marie; second, Earl Frank, Lake Linden, \$10; third, Joseph Quilliam, Dollar Bay; fourth, Rudolph Peterson, Foster City.

In the junior corn contest Esther Locke of Chassell won the gold medal, Oscar Hendrickson of Otter Lake the silver medal and Flora Sirend of Baraga and Mildred Weinfield of Point Mills won the lesser prizes.

The Smith Wagon Brake company, capitalized at \$15,000, was incorporated at Lansing during the week. The company is organized to manufacture a wagon brake invented by Charles Smith and is financed entirely by Houghton capital. The officers of the company expect to announce their manufacturing plans within a few days.

Mrs. Phillip Thomas of Detroit is the guest of Mrs. Johnson Vivian, Collesse avenue.

### NOTED SPEAKER HERE THIS WEEK

Eminent Educators to Address U.  
P. Teachers Convention

Houghton this week will be the host to one of the most notable gatherings of the year—the annual convention of the Upper Peninsula Teachers' association, which will hold forth on Thursday and Friday. The meeting will draw to the city upwards of fourteen hundred visitors, principally teachers, while included among them will be two noted educators, Governor Woodbridge N. Ferris and Booker T. Washington, both of whom will deliver the principal addresses.

The general meetings of the association will be held in the Keredge theater, Hancock, because of the more adequate accommodations of that building. All section meetings will be held in the Houghton high school, except the library and grammar grades, which will be held in the Houghton public library.

Because of the large number of teachers attending the convention, admission to the public must be restricted. Many laymen and women have expressed a desire to be present for the principal addresses at the meetings and President Doelle announces an arrangement for their benefit.

Persons not teachers, who desire to attend the meetings, should make application for membership in the association at the Keredge theater at any time during the meeting or in advance of the meeting. Such application can be made to any superintendent of schools in the copper country.

A general registration office will be opened in the Douglass House block, in the former Gay & Sturgis office, Wednesday evening and such application may be made there.

All persons applying in this way will receive a badge entitling them to admission to all meetings, on payment of a membership fee of \$1 for men and 50 cents for women, the same as is charged teachers.

Because of the general desire to hear Mr. Washington, the association has arranged to have him speak in the Amphidrome hall on Thursday night. Two thousand additional seats will be charged all persons not members of the association.

In addition to the above mentioned speakers, Superintendent of Public Instruction F. L. Keeler, Prof. William C. Bagley of the University of Illinois, and Rev. James Montgomery of Washington, D. C., will appear on the program.

#### HANCOCK ELEVEN VICTORIOUS.

Defeat Houghton High School Team in Fast Game Saturday 39-0.

The Hancock high school football team defeated the Houghton high school eleven in a fast game of football on Vivian field in East Houghton Saturday by the score of 39 to 0. The game was well played throughout but from the start was Hancock's. Two minutes after play was started Pearce crossed the goal line on a cross-kick play and from then on the visitors found no difficulty in gaining at will.

Hancock scored 19 points in the first quarter and Anthony scored again in the second quarter. The score at the end of the first half was 26 to 0. In the second half two more touchdowns were registered, the final score being 39 to 0.

David Pearce, McCormick and Mahan played well for Houghton while Robert Pearce, Anthony and Williams were the particular stars for the visitors.

In a preliminary game the Hancock second team proved their superiority over the Houghton second squad by defeating them 19 to 0. The game was somewhat similar to the contest between the first teams of the two schools and the visiting players had no difficulty in gaining ground.

#### FRESHMEN OUTNUMBERED.

M. C. M. Sophomores Win Annual Rush from Lower Classmen.

The Sophomores of the Michigan College of Mines had no difficulty in winning the annual class rush on the college campus Saturday evening from the Freshmen. The match was uneven. The Sophomores outnumbered the lower classmen two to one. The final count was 18 to 2. The old familiar "tie" rush was used and the Sophomores tied eighteen Freshmen with strips of canvas while their opponents succeeded in tying only two men.

Following the rush the students of the college donned nightshirts and held their annual nightshirt parade. With the aid of green and red lights the affair was a dazzling success. The students entered the fair grounds and astounded the people there by marching through the Amphidrome in their "nighties."

### GASOLINE TAX TO BE ONE CENT

Auto Owners and Other Users to  
Pay More for Fuel

Auto owners and other users of gasoline will be interested to learn, although not pleased, that gasoline will be taxed one cent per gallon under the new revenue bill. The Democrats of the Senate finance committee reduced the proposed tax from two cents, and decided to impose a tax of fifty cents per horsepower on auto sales.

The committee action with reference to gasoline and automobile occasioned considerable surprise, as the general expectation had been that an automobile tax would be substituted for the gasoline tax.

The one cent on gasoline will bring revenue amounting to \$10,000,000. The proposed 50 cents per horsepower on automobile sales will not affect persons owning automobiles, but will be levied only on sales. There is a provision, however, that whenever a manufacturer already has contracted to sell automobiles at a certain price, the tax shall be paid by the jobber or dealer.

Proprietors of moving picture theaters and small amusement places will profit by the action of the committee, which substituted for the flat tax of \$100 on all theaters proposed in the House bill, a graduated tax of \$25 for theaters with a seating capacity of 300 or less, \$50 for a seating capacity up to 600; \$75 up to 1,000 and \$100 for seating capacity over 1,000.

It has been agreed to retain the proposed increased tax of fifty cents a barrel on beer in the House bill with the understanding, however, that a further increase of 25 cents might be made should the Senate committee find it necessary to raise more revenue after it has completed consideration of all sections of the bill.

The proposed tax of twenty cents a gallon on sweet domestic wines and twelve cents on dry wines the committee agreed to revise, retaining the house rate on sweet wines, but reducing the dry wine to eight cents. This was on recommendation of the treasury department.

#### CHRISTENING ENDS IN COURT.

Celebration at Franklin Winds Up in General Mix-Up.

The christening of the infant son of Mr. and Mrs. Joseph Welbyon of Franklin Sunday had an unexpected outcome. The fond parents decided that at such an auspicious occasion it would be fitting to invite their many friends and such was done. All went well until one of the guests, Joe Muskevitz, arrived. Joe decided that the celebration was altogether too tame and he promptly celebrated to his own liking.

Joe Kuitzen, a friend to the family, was appealed to and requested to banish Muskevitz. Kuitzen performed this ceremony to the satisfaction of the guests and the disapproval of Muskevitz. The latter then set about to break up the christening and was almost successful, according to the complaint. He commenced a bombardment of the house with rocks and beer bottles and again Kuitzen was called to the rescue. An officer happened along and both combatants were taken to jail.

They were arraigned before Justice Elchken in Hancock this morning and a small fine was meted out to each. Leniency was exercised in the case of Kuitzen as the court was of the opinion that he was somewhat justified in his actions.

#### PRACTICE FOR MIDDIES.

Hancock Naval Reserve To Maneuver Next Week.

The Hancock naval reserve, accompanied by the Marquette and Traverse City divisions, will leave Saturday night for a cruise on Lake Superior, aboard the U. S. training ship Yantic. The boat will be inspected by Commander Stephenson and staff immediately before the trip begins.

The purpose of the cruise is to give the gun crew an opportunity to secure raft target practice, and a crew from each division will be present for the occasion. The Hancock division is the only branch of the Second battalion that will have all members on board. It has not been decided which end of the lake the Yantic will cruise to.

A new target raft was received recently from Brooklyn and the equipment, which came in sections, will be assembled this week. The raft has a target screen 12 by 15 inches.

As the division organized in Calumet recently has not yet been elected a member of the organization that are enrolled in the Hancock division will be eligible for the coming cruise.

## TORCH LAKE

#### LONG ILLNESS ENDS FATALLY.

Mrs. Laurent Jacques Succumbs to Attack of Paralysis.

The death occurred early this morning of Mrs. Laurent Jacques, aged 57, a resident of Lake Linden for nearly forty years. Paralysis, with which the deceased had been afflicted for three years, is given as the cause of the death.

The deceased was a native of Canada, coming here with her husband, the late Laurent Jacques when the town was in its infancy. She was a member of the St. Anne's sodality of St. Joseph's church. The surviving children are Lawrence of St. Croix Falls, Minn.; Alex, a student at the Michigan Agricultural college, and Oliver and Antoinette, at home. No funeral arrangements have been made.

#### TO INSPECT PICTURE HOUSES.

State Deputy Fire Marshal Coming to County on Official Visit.

Chief Jacob Steffen of the Lake Linden fire department has been notified of the forthcoming visit of Deputy State Fire Marshal Dewey, who will inspect the motion picture houses of the copper country. Deputies from the state marshals' office recently visited this section and the chief deputy follows his aides to ascertain if the regulations are being enforced. The entire upper peninsula has been placed in the territory of the chief deputy and more frequent inspections of playhouses in this section therefore may be expected.

#### SEE DANGER OF FIRES.

Torch Lake hunters are in receipt of a warning note from the state fire marshal's office relative to the exercise of caution against forest fires. Particular care is urged in the extinguishing of cigar, cigarettes or burning tobacco and through this method the department hopes to reduce the number of forest fires to a minimum.

Attention also has been called to camp fires which hunters frequently leave burning when they break camp.

#### CLERKS EXPECT H
